Address: _____

Email Address: _____

Location(s) for tree planting (please provide exact locations)

Preferred location:

Alternative location:

Guidance Notes

- It is not always possible to plant a tree in the residents' preferred location due to constraining factors such as underground utility services, footpath width and other environmental issues that could affect the tree's health. This is why an alternative location is requested. If we cannot plant at either of your two preferred locations, but you would still like to sponsor a tree, Hounslow Highways will endeavour to place the tree in the nearest available preferred location.
- The tree is the responsibility of Hounslow Highways and therefore any works and maintenance to the tree must be completed by Hounslow Highways.
- If the tree fails in the first three years, Hounslow Highways may not replant the tree in the same location. After three years, we would not replace the tree.
- Tree sponsorship costs £798 per tree, with an additional £35 annual fee for maintenance until 2037. **Please do not include payment with this form.** You will be contacted for payment if a planting location is agreed.
- Trees can only be planted during the winter months (November-April).

I confirm I have read, understood and agree with the above guidance notes:
